V. Enrollment Options

An application for admission is required for all students; in addition, all applicable admission requirements apply. Per-Course Enrollment Programs are not eligible for Title IV Federal Student Aid (FSA) or Veterans Administration (VA) benefits. All of the online programs offered at CSU are available in the Per-Course Enrollment Programs option.

Term Enrollment Programs

CSU Term Enrollment Program courses are 8 weeks in length and have set start and end dates coinciding with the Academic Term Calendar. This enrollment option provides a more structured framework that facilitates on-time course completion while allowing the student flexibility throughout the week for assignment completion. Weekly, substantive interaction is required through submission of discussion board postings and other assignment types. Each week begins on Wednesday and ends on Tuesday. Discussion board assignments are due on Saturday and Tuesday. All other weekly assignments are due by Tuesday each week. All assignments are due by midnight Central Standard Time (CST) on the respective day. A term begins almost every month of the year allowing students to begin courses at a time that is convenient to them. The full academic term calendar and term course schedule can be viewed on the CSU website. Students utilizing Title IV Federal Student Aid are required to enroll in Term Enrollment Programs. All of the online programs offered at CSU are available in the Term Enrollment Programs option; with the exception of the Associates of Arts in General Studies, which is not available for students utilizing Federal Student Aid.

Flexible Enrollment Programs for Veterans

CSU Flexible Enrollment Program courses for Veterans are 8 weeks in length and have set start and end dates coinciding with the Academic Term Calendar. A term begins almost every month of the year, allowing students to begin courses at a time that is convenient for them. This enrollment option was designed for students using Montgomery GI Bill or Post 911 GI Bill benefits and provides a flexible structure for course completion. Between the scheduled start and end date, students can progress through coursework at their own pace. A suggested course schedule is provided, upon enrollment, as a guide for course completion. Attendance verification is required by week 4 of all enrolled courses to maintain enrollment in Flexible Enrollment Programs for Veteran courses. All of the online programs offered at CSU are available in the Flexible Enrollment Programs for Veterans option.

Per-Course Enrollment Programs

CSU Per-Course Enrollment Program courses are 10 weeks in length and are designed with student flexibility in mind. Coursework is completed through an independent study model that allows students the flexibility to create study-time around other life commitments. This enrollment option offers added flexibility beyond what typical online programs offer. Per-Course Enrollment Programs have no semester start dates; therefore, students can begin courses at a time convenient to them. Students can progress through course assignments at a comfortable pace by creating a schedule for on-time course completion.

Non-Federal Student Aid Programs

Non-Federal Student Aid programs include all Certificate programs and the Associate of Arts in General Studies. Due to accreditation and/or U.S. Department of Education program eligibility regulations, the specified programs are not eligible for Federal Student Aid (Title IV). Students enrolled in these programs may choose to take the programs as a Per-Course Enrollment Program or a Flexible Enrollment Program for Veterans.

Columbia Southern University is committed to providing a drug-free, healthful, and safe workplace. Alcohol and other drug abuse is a significant public health problem and has a detrimental effect on the community in terms of increased medical and workers compensation claims, medical disability costs, decreased productivity, injuries, theft, and absenteeism. Accordingly, CSU has the right and obligation to maintain a safe, healthy, and productive working and learning environment and to protect CSU property, operations, and reputation.

Students, faculty and staff must comply with the federal, state, and local laws concerning alcohol and illegal drug usage, whether on University property or otherwise. Violations will be reported to the appropriate law enforcement officials. Individual(s) will be subject to university disciplinary action, up to and including expulsion or separation, pursuant to CSU policies and procedures.

Resources

Because our virtual campus does not enable us to provide on-site counseling or treatment, we provide the following information as a resource for those who need assistance with avoiding or recovering from alcohol or drug abuse. We encourage any student, staff or faculty member who needs information related to alcohol or drug abuse to use directory information, online searches, the telephone book, or referrals from friends and/or professionals. VIII. Your Rights Under FERPA

Family Educational Rights & Privacy Act (FERPA)

The Family Educational Rights and Privacy Act of 1974 (FERPA) affords a student certain rights with respect to their educational records. Columbia Southern University acknowledges this law as university policy.

Under the provisions of this law, students are entitled to the following privileges:

- Inspection and review of the student's educational records.
- Request of amendments to the student's records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
- Consent to disclosures of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosure without consent.
- File a complaint with the U.S. Department of Education concerning alleged failures by CSU to comply with FERPA requirements in the instance that a complaint cannot be resolved within the University.

Requests by students to inspect, review, or amend must be submitted in writing and identify the following:

- Record the student wishes to inspect
- Purpose of the disclosure
- Records that may be disclosed
- The party or class of parties to whom the disclosure may be made
- Signature and date

Recently, the FERPA regulations have been amended to allow that request to be made electronically. In addition to the aforementioned information, the consent form must:

- Identify and authenticate a particular person as the source of the electronic consent; and
- Indicate that person's approval of the information contained in the electronic consent.

For requests to amend, students must clearly identify the portion of the educational record the student is requesting be changed, and specify why the record should be changed. If the requested change is not approved, the student will be notified of the

University's decision, and the student's right to a hearing. Students are informed of those instances where FERPA authorizes disclosure without consent in the Catalog information (electronically and in print). However, FERPA allows schools to disclose student records, without consent, to the following parties:

- School officials with legitimate educational interest
- Other schools to which a student is transferring
- Specified officials for audit of evaluation purposes
- Appropriate parties in connection with financial aid to a student
- Organizations conducting certain studies for or on behalf of the school
- Accrediting organizations
- Appropriate officials in cases of health and safety emergencies
- State and local authorities

Release of student "directory" information is also permitted by FERPA. CSU identifies "directory" information as name, address, telephone number, email address, date and place of birth, honors and awards, dates of attendance, major field of study, enrollment status, previous institutions attended, photograph or other comparable information.

Personally identifiable information (or non-releasable information) includes all information not defined as directory information and may not be released without expressed written consent of the student. Students may control the release of directory information by notifying the Registrar's Office at CSU in writing. Upon receipt of this request, a privacy hold will be placed on the student's record.

To Whose Record does the Act apply?

FERPA applies to the education records of persons who are, or have been, in attendance at CSU, including students in continuing education programs sponsored by the University. FERPA does not apply to records of applicants who are denied admittance or, if accepted, do not attend CSU.

To What Records Does the Act Apply?

The act applies to all education records maintained by CSU, and all parties acting for CSU, which are directly related to a student. Records containing a student's name, identification number, or other personally identifiable information, in whatever medium, are covered by FERPA unless identified in one of the act's excluded categories.

Enforcement and Penalties

The CSU Office of the Registrar is responsible for university compliance with this policy. Responsibility for administering the act by the federal government has been assigned to the Family Policy Compliance Office within the United States Department of Education. This office reviews and investigates complaints and attempts to bring compliance through voluntary means.

X. Academic Policies

Academic Course Load Policy

CSU students are allowed to progress as quickly through their program of study as they are able, but within defined parameters. Because of personal and professional obligations, the majority of CSU students take seven to 10 weeks to complete a course. However, there are some students who may wish to progress through their program of study at a faster, but unacceptable, pace.

Accelerating course completion beyond what is academically sound defeats the purpose of study, because little is comprehended and even less is retained.

The policy outlined below restricts students from setting a pace that is viewed as academically unsound.

Per-Course Enrollment Course Load Policy

Academic Advisors must approve all course loads over six semester hours. Students wishing to enroll in more than six semester hours (two courses) within a 10-week period must submit the Course Load Waiver form and meet the following requirements:

- All official documents/transcripts must be on file at CSU
- Must have completed at least 12 semester hours at CSU in current degree program
- Must have an established GPA of 3.0 or higher
- Must be maintaining reasonable academic progress
- Read and understand the CSU probation, suspension, and dismissal policies

The waiver is granted on an individual enrollment basis and students are expected to meet the above requirements for each waiver to be approved. The maximum course load allowed is nine semester hours within a 10-week period. Course load limits remain in place even if a student completes their course load before the end of the 10-week period.

(Note: Students who take six semester hours or more in any 10-week period are deemed to be full time students.)

Term Enrollment and Flexible Enrollment Programs for Veterans Course Load Policy

The academic advisor must approve all course loads over six semester hours. Students requesting course loads over six hours must submit the Course Load Waiver form and meet the following requirements:

- All official documents/transcripts must be on file at CSU
- Must have completed at least 12 semester hours at CSU in current degree program
- Must have an established GPA of 3.0 or higher
- Must maintain reasonable academic progress
- Read and understand the CSU probation, suspension, and dismissal policies

The waiver is granted on a term-by-term basis and students are expected to meet the above requirements for each waiver request to be approved. A student may not take courses in overlapping terms. Course grade reports will be issued at the end of the term.

Note: A full-time load in an eight-week term is six semester hours for undergraduate and three semester hours for graduate.

Accommodation for Disabilities

It is the policy of CSU to provide reasonable accommodation(s) for persons defined as disabled under Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and all other local and state requirements dealing with students who have recognized disabilities. A request for reasonable accommodation will be granted provided that the following criteria are met:

- The request for reasonable accommodation is based on individual needs.
- The request does not require a financial burden on CSU that is beyond what is viewed as customary and reasonable.
- The request does not compromise the basic requirements of the course.

The Office of Disability Services serves the special needs of students with permanent disabilities. It is the student's responsibility to identify the disability to a faculty and/or staff member and provide the appropriate documentation from a qualified medical or licensed professional in requesting specific accommodations for services. New students should submit this documentation at least 10 days prior to taking their first class at CSU.

Assignment Make-Up Policy

Columbia Southern University (CSU) delivers curriculum through a variety of assignment types and methodologies. Assignment types are unique and carry specific submission requirements. Assignment submittal information can be viewed within the assignment instructions in each course. In the event technical difficulty occurs,

please refer to the Technology Policies located within the myCSU Student Portal. The CSU Technical Support Department is available to assist students in resolving technical issues.

On occasions in which special consideration is granted by the course professor to make-up or re-submit an assignment, specific instructions or assignment due dates for make-up work should be followed. Requests for special consideration to make-up or re-submit an assignment should be emailed to the course professor prior to the course end date. Requests will be reviewed by the course professor who will render a decision based upon the merits of the case.

Attendance Policy

Term Enrollment Programs

CSU will verify your attendance in each registered course at the end of the first week. The discussion board posting or Unit I assessment must be submitted to verify attendance and all Unit I assignments are due by the end of week one to receive credit. Students who choose not to attend the first week will be institutionally dropped from the course.

Flexible Enrollment Programs for Veterans

Students enrolled in Flexible Enrollment Programs for Veterans must show attendance by submission of an assignment for each course enrolled prior to the end of week four (4) in the enrolled term. Students failing to show attendance will be automatically withdrawn from the course and a grade of "W" will be posted. Please refer to the Tuition Refund Policy for any eligible refund due. CSU will file VA Form 22-1999b with the Department of Veterans Affairs indicating course enrollment termination due to unsatisfactory attendance. This action will result in the suspension of benefit payments on courses reported.

Course Access Policy

Students enrolled at Columbia Southern University are subject to time-sensitive course access as stated in the Course Access Policy.

At the conclusion of a completed course, students will retain course access for a period of 21 days. Any course which is unfinished, further defined as a course with outstanding assignments, will be closed for access at the conclusion of the enrollment period. Students who have been granted an Incomplete (I) will retain course access until the conclusion of the incomplete period; in addition, the student will retain course access for an additional 21 days in excess of the incomplete period for all completed courses. The final course grade will be calculated utilizing the weighted score assigned to each course assignment, as indicated in the course syllabus. Once the course access period has elapsed, all coursework submitted therein is archived and future access to the course through Columbia Southern University's Learning Management System is restricted. Students are encouraged to save their work through use of technology. Please review the Technology Policies for suggested methods of saving coursework. Course access will not be granted to archived courses unless approval is granted by the Vice President for Academic Affairs.

Course Completion Policy

Students are encouraged to complete all assignments within a course; each assignment holds a weighted score that comprises the final course grade. Course assignments not completed by the original or adjusted course end date will be assigned a grade of

zero (0). Final course grades are calculated utilizing the weighted score assigned to each course assignment. For example, failing to complete an assignment weighted at 25% of the course grade would earn a final grade no higher than 75%. Students who are unable to complete all course assignments prior to their original course end date are offered the option of requesting an Incomplete (I), or withdrawing from the course. Academic and financial consequences should be noted for students who withdraw after week one of the course. Students planning to withdraw from any course should review the Course Drop/Withdrawal Policy. In addition, academic advisement should be sought to address all consequential actions prior to submitting the withdrawal request. Students requesting additional time in a course must submit the online Incomplete Course Request Form located in the Student Portal under Online Forms. Students are required to maintain a minimum cumulative GPA of 2.0 in undergraduate programs and 3.0 in graduate programs. Academic standards of performance are established to ensure satisfactory academic progress toward an earned degree.

Course Drop/Withdrawal Policy

Students requesting to drop or withdraw from a course should submit the Course Drop/Withdrawal Form located in the Online Forms section of the Student Portal.

Course Drop

Students are allowed to drop a course through the term "drop date" as listed on the academic calendar (normally the first week of the course) without financial penalty. A grade of "DP" will be recorded for the course. Dropped courses do not appear on student's official transcript nor do they count as hours attempted in the Satisfactory Academic Progress (SAP) calculation. The course drop date is determined by the date the request is received.

Course Withdrawal

A course drop/withdrawal request submitted after the term drop date and before or on the original term/course end date will be considered a course withdrawal. A grade of "W" will be issued. The grade of "W" will appear on the student's transcript but will have no effect on the student's cumulative GPA. However, the course will count toward hours attempted and may affect Federal Student Aid (FSA) eligibility. Students using military Tuition Assistance (TA) must contact their Education Services Officer (ESO) when withdrawing from courses.

Course Retake Policy

Undergraduate students must earn a cumulative GPA of 2.0 or higher on a 4.0 scale. Students earning a "D" or below may need to repeat the course to satisfy program requirements.

Graduate students must earn a cumulative GPA of 3.0 or higher on a 4.0 scale. The course in which a grade below C is received must be repeated at CSU. Students may need to repeat a grade of "C" to satisfy graduation requirements.

In cases where a student repeats a course, the original course will be issued a grade of "R" upon completion of the retake. If a course must be repeated to satisfy GPA requirements for graduation and the previously earned grade is normally considered passing, the course retake is eligible for Federal Student Aid one time, provided the student is eligible.

DBA Candidacy Status Policy

Students will have earned DBA Candidacy Status following the successful completion of either DBA 9101-Comprehensive Exams or DBA 9201-Comprehensive Review, depending on which option that students are enrolled within their program.

DBA Continuous Enrollment Policy

Students enrolled in doctoral courses are required to maintain continuous enrollment. If the student does not enroll subsequently in a course within the prescribed enrollment period (8 weeks for Term Enrollment Program and Flexible Enrollment Program for Veterans; 10 weeks for Per Course Enrollment Program) the Office of the Registrar will notify the student that he/she has been dismissed from the program for lack of continuous enrollment and an official entry to the student's record will be made and copied to the DBA Program Director. Dismissal due to lack of continuous enrollment does not exclude students from readmission.

Students who wish to take additional time beyond the prescribed enrollment period described above may wish to consider a Leave of Absence (LOA) to avoid dismissal for lack of continuous enrollment.

Final Examination Proctor Policy

Columbia Southern University (CSU) degree programs contain a variety of assignment types and methodologies. Comprehensive sets of questions or exercises are used to evaluate knowledge, skills, and mastery of subject matter prior to and during the final examination. Numerous courses within a degree program may require a final examination; for which, a proctored solution is required. An approved proctor is defined as a credentialed organization, center, or individual, who verifies student identity and supervises examination integrity. CSU approves two, flexible proctoring options: a standard proctor, who is chosen by the student and approved by the University, or Remote Proctor Now (RP Now), an on-demand, third-party, virtual proctor. Students may elect to choose one or a combination of both available proctoring options based upon individual final examination needs.

The following are important facts concerning proctored final examinations:

- Students may retain up to three (3) approved standard proctors on file with the University, in addition to RP Now.
- Students should request to sit for a final examination during the last two (2) weeks of the course by submission of the "Request to take Final Exam Online Form" located in the myCSU Student Portal. Students must be enrolled in their course a minimum of three (3) weeks before the request can be processed; the Academic Course Load Policy may be reviewed for further information.
- Final Examinations must be submitted for grading by 11:59pm, Central Standard Time (CST), on the last day of class.
- Valid, government-issued photo identification, such as a driver's license, is required for identity verification prior to examination administration.
- Compliance with all identified final examination violations is required, as noted in the Exam Violations section of this policy.
- Students are allotted 4-hours for examination completion. The time allotment is cumulative; therefore, a total of 15 minutes in short breaks may be taken during the examination administration and are included in the time allotment. No materials are allowed to leave or re-enter the testing area.

- Use of examination materials includes only a writing utensil, blank scratch paper, a course textbook, and a calculator. Online calculators may be utilized, with the approval of the course professor. Other materials are not permitted unless specified in the examination instructions or course syllabus.
- Access to MS Office Suite software or equivalent. All documents should be started without any previous formatting.
- Fees incurred by use of proctoring services are the responsibility of the student.
- Final Examinations should be taken in an environment which the student is not likely to be interrupted during examination administration.

Standard Proctoring

A standard proctor is an unbiased, qualified individual, selected by the student, who agrees to supervise an examination by verifying student identity and ensuring examination integrity. Upon approval, the proctor will remain active with the University unless proctoring qualifications change, the student or proctor requests discontinuation, or the proctor is disqualified due to a violation of any applicable academic policies including Final Examination and Proctor Policy and/or Academic Integrity (AI) Policy. CSU reserves the right to verify proctor qualifications, require additional evidence of eligibility, or require an alternative proctor be selected. Falsification of proctor information is a violation of CSU Academic Integrity Policy and could result in proctor revocation and/or other sanctions identified in AI policy.

The following are important facts and responsibilities concerning standard proctoring:

Students will:

- Select a qualified individual and submit the "Proctor Information Request Form" located in the Student Portal.
- Refrain from disorderly, lewd, lascivious, indecent or otherwise inappropriate acts during exam administration.

The following are examples of qualified and unqualified proctors:

- Verify student identity through valid, government-issued, photo identification, prior to examination administration.
- Remain in proximity of the student through final examination completion.
- Confirm adherence to the four (4) hour examination time limit.
- Verify use of materials includes only a writing utensil, blank scratch paper, a course textbook, and a calculator. Online calculators may be utilized, with the approval of the course professor. Other materials are not permitted unless specified in the examination instructions or course syllabus.
- Confirm the student begins all documents without any previous formatting within MS Office Suite software or equivalent
- Certify copies of the final examination are not distributed to the student and are destroyed upon the completion of the examination.

Standard Proctoring/Testing Procedures:

- From the myCSU Student Portal, send the "Proctor Information Request" to the desired proctor.
- An e-mail containing a link is delivered to the prospective proctor. The individual will complete the request, attach credential certification, and submit. Please note the link provided is only valid for 14 days.
- Student Services notifies both the student and proctor of approval/denial, via email. 2-3 business days should be allowed for notification.
- Upon approval, the student will submit the "Request to take Final Exam Online Form" located in myCSU Student Portal.
- Student Services will send the final examination password to the proctor within 2-3 business days upon receipt of the request.

- The student and proctor will meet at a pre-determined, mutually convenient time and location for examination administration.
- The proctor must verify student identity by viewing a valid, government issued photo identification and ensure only permitted materials are used during the examination.
- The student will login to Blackboard and click on the "Final Exam" link within the course.
- The proctor will enter the password, guarding against student view.
- The student can begin the examination online or print the final examination and work offline.
- The student will complete the examination within the four (4) hour time allotment.
- Printed copies of the examination must be destroyed upon completion of the examination.

Remote Proctor Now (RP Now)

RP Now is an on-demand, third-party, virtual proctor which allows students to sit for an examination anytime, anywhere through use of video technology. Students choosing RP Now must have an operational webcam with audio, a high-speed internet connection, and appropriate system rights required to download and install software. During examination administration, RP Now will access the student's webcam microphone, and desktop in order to record the examination for academic integrity review.

The following are important facts and responsibilities concerning RP Now:**Students are required to:**

- Access a computer, the internet, a microphone and a webcam for examination administration; the university does not provide this equipment.
- Download and install RP Now software.
- Register through RP Now, initialized during the first final examination.
- Submit payment to RP Now for each final examination administered through this proctoring option.
- Provide a clean desk in a lighted area, free of disruptive noises, including music and other people entering and leaving the room.
- Present valid, government-issued photo identification for identity verification purposes prior to examination administration.
- Refrain from printing the final examination, as this is prohibited.
- Refrain from disorderly, lewd, lascivious, indecent or otherwise inappropriate acts.

RP Now Proctoring/Testing Procedures:

- Students will request RP Now by submitting "Request to take Final Exam Online Form", located in the myCSU Student Portal. This process should be initiated when the student is ready to sit for the final examination, no later than the last day of class. A confirmation email will be sent to the student containing a direct link to RP Now. Examinations must be submitted for grading by 11:59pm, Central Standard Time (CST), on the last day of class.
- The student will follow the instructions provided by RP Now to effectively register.
- During registration, permissible materials as previously stated in policy are to be present in the examination area prior to scanning the area with the webcam.

ACADEMIC POLICIES

- Upon successful registration, students will be directed to the login page for Blackboard. Four (4) minutes is provided to login and access the final examination. In the event the time allotment is exceeded, the registration process begins again.
- A password will be required to access the examination. Therefore, the student will need to click "Insert Exam Password" and then "Submit".
- The final examination will begin. During the examination administrations, students need to ensure they are visible throughout the duration of the exam, as it is being recorded.
- Upon completion of the examination, the student will click 'Submit' and exit RP Now browser window to discontinue examination recording.

Exam Violations

The following final examination violations are subject to sanctions identified in the Academic Integrity and Student Code of Conduct Policies:

- Displaying disorderly, lewd, lascivious, indecent or otherwise inappropriate acts

Should any circumstances develop before or during a final examination, including natural disasters, emergencies, power or internet outages, etc., the student and/or proctor should contact Student Services immediately at 800-977-8449, ext. 6525 or Helpdesk Technical Support 877-399-1063. In the event the call is placed after standard operating hours, please leave a message or e-mail students@columbiasouthern.edu.

Graduation Requirements Policy

To graduate from Columbia Southern University, certain requirements must be met for degree conferral. Students must successfully complete all degree requirements with passing grades, meet the minimum GPA requirements, meet all financial obligations to the institution, have all official transcripts on file and apply for graduation by submitting a Petition for Graduation.

Undergraduate Requirements

Students enrolled in an undergraduate program must complete at least twenty-five (25) percent of the courses that comprise the program with CSU, which is a minimum of 15 semester hours (5 courses) in an associate's program and a minimum of 30 semester hours (10 courses) in a bachelor's program. Students must also

maintain a 2.0 cumulative GPA to be eligible for graduation. Though a grade of "D" is considered passing, students may be required to repeat a course in which a "D" is earned if the grade results in a substandard cumulative GPA.

Graduate Requirements

Students enrolled in a master's program must complete at least 50 percent of the courses that comprise the program with CSU, which is 18 semester hours (6 courses). DBA students must complete 85 percent of the courses that comprise the program with CSU, which is 52 semester hours (17 courses plus DBA orientation). Grades below a "C" are not considered passing in the graduate program. Though a grade of "C" is considered passing, students may be required to repeat a course in which a "C" is earned if this grade results in a substandard cumulative GPA.

Graduation with Honors

In order for a student enrolled in a bachelor's degree program to graduate summa cum laude, magna cum laude, or cum laude honors, they must earn the following cumulative GPA:

- Summa cum laude 4.0 cumulative GPA
- Magna cum laude 3.8-3.99 cumulative GPA
- Cum laude 3.5-3.79 cumulative GPA

Graduates must have no grades lower than a "C", and must not have repeated any course taken at CSU due to non-satisfactory grades. Honors are not awarded for graduate degree programs.

Transcripts

A transcript bearing the University seal and signature of the registrar is the official copy of your permanent academic record. A transcript will be provided to you at the time of graduation. Additional transcripts may be obtained by written request to the University.

Requesting a Transcript

Once a student has completed the first three credit hour course and course tuition is paid, the student may request an official CSU transcript. A \$10 transcript fee applies. A CSU transcript may be requested by using the Transcript Request Form. Please allow seven to 10 business days for processing.

The transcript will be sent as a sealed official transcript to the institution or person indicated on the Transcript Request Form. An unofficial transcript may be faxed if indicated on the request form. Please note, the \$10 transcript processing fee still applies whether the transcript is issued as official or unofficial.

Inactive Status

Students who do not submit any coursework within a 12-month period will be considered inactive and any tuition being held by the University will be forfeited. Students desiring to return to their studies must be reevaluated and will be subject to any changed academic requirements, tuition increases, and policy changes in force at the time of reenrollment. The student will also be assessed a \$25 reevaluation fee.

Incomplete Course Policy

Per-Course Programs

Students requesting additional time, in excess of the prescribed enrollment period, to successfully complete coursework may apply for an Incomplete. Requests for an Incomplete should be the exception during a student's tenure; academic progress throughout coursework is expected as it promotes student success. Should circumstances prevent regular, on-time course completion, within the enrollment period, students meeting outlined criteria have the option to request an Incomplete or withdraw from the course. Academic and financial consequences should be noted when withdrawing from a course beyond the first week of the enrollment period. Prior to submitting the withdrawal request, students are advised to review the Course Drop/Withdrawal Policy; in addition, academic advisement should be sought.

The following are important facts concerning an Incomplete:

- The request for an Incomplete is to be submitted prior to the original or adjusted course end date. There are three Incomplete options available, each with associated fees: 15-days for \$25, 30-days for \$50, and 60-days for \$100. Incomplete(s) cannot exceed sixty (60) days in length for each course.
- Students approved for an Incomplete forfeit the option to withdraw from the course, under the Course Drop/Withdrawal Policy; however, students may refer to the Withdrawal for Special Circumstances Policy should extenuating circumstances prevent course completion. Students may formally request an Incomplete through submittal of the Incomplete Course Request form or via telephone request to Student Services.
- A course grade of "I" will be assigned and may affect future course enrollments; academic advisement should be sought to discuss course load.
- Assignments not completed at the conclusion of the course Incomplete period will be assigned a grade of zero (0); the final course grade is calculated utilizing the weighted score assigned to each course assignment, as indicated in the course syllabus.
- Fees associated with an Incomplete are non-refundable.
- Students may submit an Incomplete Course Request Form through the myCSU Student Portal or via telephone request to Student Services. Students are expected to set realistic goals and timelines to complete outstanding course assignments. The approval process may take up to three (3) business days. Students will be notified of the status of the request via email; the correspondence will denote approval or denial. Students who are unable to complete their course due to an extenuating life circumstance, may choose to review the Incomplete for Special Circumstances Policy.

Term Programs

Students requesting additional time, in excess of the prescribed enrollment period, to successfully complete coursework may apply for an Incomplete. Requests for an Incomplete should be the exception during a student's tenure; academic progress throughout coursework is expected as it promotes student success. Should circumstances prevent regular, on-time course completion, within the term period, students meeting outlined criteria have the option to request an Incomplete or withdraw from the course. Academic and financial consequences should be noted when withdrawing from a course beyond the first week of the term period. Prior to submitting the withdrawal request, students are advised to review the Course Drop/Withdrawal Policy; in addition, academic advisement should be sought.

The following are important facts concerning an Incomplete:

- An Incomplete may be granted in accordance with the following matrix:

Additional Time Allotment	Qualification		Fee
	Undergraduate	Graduate	
45 Days	Course Average of 60 percent	Course Average of 70 percent	\$50
	Students cannot have a grade of "I" from a previous term		
	Request for an Incomplete is to be submitted on or before the end date of the course, and only during weeks six, seven, or eight		

- Students may only be approved for one (1) 45-day Incomplete per course.
- Students approved for an Incomplete forfeit the option to withdraw from the course, under the Course Drop/Withdrawal Policy; however, students may refer to the Withdrawal for Special Circumstances Policy should extenuating circumstances prevent course completion with an existing Incomplete.
- All requests are subject to approval by the course professor
- A plan to complete outstanding course assignments must be presented by the student at the time of the request and followed. Assignment due dates are required; if more than one assignment remains at the time of the request, each assignment due date should be spaced one week apart in order to ensure successful completion.
- Students approved for an Incomplete must submit assignments for Units 6, 7, or 8 per the Unofficial Withdrawal Policy; failure to do so will result in a grade of "WF" as the final course grade.
- Students approved for an Incomplete will receive a course grade of "I" which may affect future course enrollments, Satisfactory Academic Progress hours attempted and Federal Student Aid (FSA) eligibility.
- Assignments not completed at the conclusion of the Incomplete period will be assigned a grade of zero (0); the final course grade is calculated utilizing the weighted score assigned to each course assignment, as indicated in the course syllabus. The final course grade replaces the grade of "I".
- Fees associated with an Incomplete are non-refundable.

The following qualifications have been established to apply for an Incomplete:

- Students are required to formally request an Incomplete through submittal of the Incomplete Course Request form.
- Successful course progress at the time of the request is required. Students unable to meet the revised assignment due dates must contact their professor for late submission approval.
- Students should submit valid justification as to why the course could not be completed on schedule. Supporting documentation may be requested by the University.

Students who meet qualification criteria must submit an Incomplete Course Request Form through the myCSU Student Portal. Students are expected to set realistic goals and timelines to complete outstanding course assignments. The approval process may take up to three (3) business days. Students will be notified of the status of the request via email; the correspondence will denote approval or denial. Students who are unable to complete their course due to an extenuating life circumstance, may choose to review the Incomplete for Special Circumstances Policy.

Incomplete for Special Circumstances Policy

Per-Course Programs

Columbia Southern University (CSU) recognizes students encounter life situations that may impede academic progress toward degree completion. The Incomplete for Special Circumstances (ISC) is reserved for students who encounter an extenuating circumstance, during a course, which inhibits regular, on-time course completion. Under these circumstances, students may also elect to withdraw from the course if it is deemed circumstances may prevent successful course completion. Academic and financial consequences should be noted for students who withdraw after week one of the course. Students planning to withdraw from any course should review the Course Drop/Withdrawal Policy, as well as the Withdrawal for Special Circumstances Policy. In addition, academic advisement should be sought to address all consequential actions prior to submitting the withdrawal request. Students requesting consideration must meet all established qualifications for Incomplete for Special Circumstances approval.

The following are important facts concerning an Incomplete for Special Circumstances:

General Facts:

- An ISC, up to 120 days beyond the original course end date, is available upon qualification and approval. The amount of time granted is contingent upon the student's documented circumstance..
- Successful course progress may be taken into consideration when reviewing the request.
- An ISC request should not be submitted for a course in which assignments need to be re-submitted or if all assignments have been submitted. Refer to the Assignment Make-up Policy for further information on assignment re-submission.
- A maximum of two (2) ISC's will be granted, upon approval, per calendar year. Students are not granted in excess of one (1) ISC per course.
- ISC requests are not automatically granted and require approval.
- The decision to grant the request is based upon the student's justified hardship.
- Relevant support documentation should be provided to substantiate the hardship.
- Students approved for an ISC are not eligible to apply for a standard, paid Incomplete in the event additional time, beyond time already granted, is needed for course completion.
- There is no fee requirement for an ISC.

Academic Facts:

- Students approved for an ISC forfeit the option to withdraw from the course, under the Course Drop/Withdrawal Policy; however,

students may refer to the Withdrawal for Special Circumstances Policy should further extenuating circumstances prevent course completion.

- A grade of "I" will be assigned to the course and may affect future course enrollments; please review the Course Load Policy for further clarification. In addition, the grade point average (GPA) and federal student aid (FSA) eligibility could be affected.
- Assignments not completed by the granted Incomplete period will be assigned a grade of zero (0); the final course grade is calculated utilizing the weighted score assigned to each course assignment.
- All course requirements must be satisfied within the allotted time period; additional time will not be granted.

The following qualifications have been established for an Incomplete for Special Circumstances application:

- A documented, extenuating circumstance will occur or has occurred during the duration of the course which will inhibit or has inhibited regular, on-time course completion. Examples of such circumstances may include but are not limited to: forward deployment, medical circumstances or surgery, natural disaster, family emergency, death in the immediate family, or job relocation.
- The ISC request should be submitted prior to the course end date. Requests made after the end date will be considered on the basis of the circumstance.
- The ISC request should be accompanied by relevant support documentation, substantiating the stated circumstance. Documentation must be dated and correlate with the hardship and time parameter in which the student is/was unable to complete coursework. Students should submit documentation within three (3) days of the request or notify specialcircumstances@columbiasouthern.edu of the date documentation will be available. Additional or alternate documentation may be requested for verification purposes..
- Required submission dates for all outstanding assignments are to be identified by the student when submitting the request. Individual assignment deadlines should be spaced apart, weekly, to allow adequate study and submission time.

Students meeting required qualifications may request an ISC through submittal of the online Incomplete for Special Circumstances Request Form. Upon receipt of all documentation and individual assignment deadlines, the request will be reviewed and a decision will be reached within five (5) business days.

Institutional Academic Progress Policy

Students are required to have a minimum cumulative GPA of 2.0 in undergraduate programs and a 3.0 in graduate programs. Academic standards of performance have been established to ensure satisfactory progress toward a degree. These performance standards form a basis for the following academic classifications:

- Good Standing
- Academic Probation
- Academic Suspension

Guidelines and procedures for placing students in the above classifications include:

Good Standing (Active)

A minimum cumulative GPA of 2.0 for undergraduates and 3.0 for graduates must be maintained to be in good standing.

Academic Probation

Upon the completion of a minimum of 12 semester hours*, a student will automatically be placed on academic probation at any time that his/her cumulative GPA drops below the required minimum.** A student will remain on academic probation for 12 semester hours (four courses). While on academic probation, a student will have to demonstrate sustained satisfactory progress and develop an action plan for academic improvement, approved by their academic advisor, which may include referral to the Student Success Center. Students may be limited to enroll in one course at a time until the cumulative GPA is 2.0 undergraduate and 3.0 graduate. In addition, a student may be delayed from enrolling in the next course pending evaluation of academic progress.

ACADEMIC POLICIES

Satisfactory progress requires that a student either raise the cumulative GPA to an acceptable level, or that the student makes progress towards earning the acceptable GPA during the probationary period, as detailed below:

If after completing 12 semester hours required during the probationary period, the student raises the cumulative GPA to 2.0 or higher for undergraduates or 3.0 or higher for graduates, the student will be removed from probation and be placed in good standing. If the student does not raise the cumulative GPA to good standing, the student will be placed on suspension. Please refer to the Academic Suspension Policy for details.

If the GPA for the probationary period is 2.5 or higher for undergraduates or 3.5 or higher for graduates, but the student does not raise the cumulative GPA to the minimum 2.0 or higher for undergraduates or 3.0 or higher for graduates, a secondary probation period may begin.

**Note: This does not apply to students enrolled in doctoral programs. Doctoral requirements are noted below.*

***Note: Students who show substandard academic progress in their first 12 semester hours may be academically dismissed without a probationary period. See the Academic Dismissal Policy for details.*

Doctoral Programs

A doctoral student may be placed on academic probation due to violation of academic integrity or whenever his/her grade point average (GPA) falls below 3.0 on a 4.0 scale. The conditions of academic probation are specified to the student in writing by the Office of the Registrar. Once placed on academic probation, a doctoral student has six credit hours to raise his/her GPA to 3.0 or higher. If a doctoral student does not achieve a GPA of 3.0 or higher, he/she is subject to academic dismissal from the program. The conditions of academic probation are submitted to the Program Director of Doctoral Programs by the Office of the Registrar. The Program Director of Doctoral Programs, with appropriate consultation, will determine the enrollment status of the student.

Academic Suspension

Should the probationary student fail to demonstrate satisfactory progress, he/she will be academically suspended for a period no less than 10 weeks (per course) and 8 weeks (term). A student may request reinstatement after the suspension period has expired. If a second suspension occurs, the student will be suspended for a period of at least six months before they are eligible to request re-instatement. If a third suspension occurs, the student must wait a minimum of one calendar year before requesting reinstatement.

Requests for reinstatement must be made to the Registrar no later than one month prior to the desired enrollment period. Reinstatement following academic suspension will be determined by the Reinstatement Committee and is not automatic.

Students who enroll in other colleges or universities while on academic suspension from CSU will not be eligible for reinstatement to CSU until the cumulative grade point average from these other colleges and universities is 2.0 or higher for undergraduate or 3.0 or higher for graduate.

Once reinstated, the student will return on probation for a period of 12 semester hours. The student is expected to demonstrate academic progress while on probation.

Note: Academic Suspension Policy does not apply to students enrolled in doctoral programs.

Academic Dismissal

Columbia Southern University reserves the right to dismiss students whose academic progress is substandard. Factors considered will include, but are not limited to, the number of failing grades, past academic performance, the number of withdrawn courses, and the probability of achieving satisfactory academic standing within a reasonable time frame. Students are subject to academic dismissal (without a probationary period) from the program for a full calendar year if their GPA falls below 1.0 or if they withdraw from the majority of courses within the last 12 semester hours.

Appeal or reinstatement from academic dismissal shall be made to the Appeals Board through the Office of the Registrar.

Iowa Military Deployment Policy

Columbia Southern University will offer the following options to a student who is a member, or the spouse of a member if the member has a dependent child, of the Iowa National Guard or reserve forces of the United States and who is ordered to state military service or federal service or duty:

- (a) Withdraw from the student's entire registration and receive a full refund of tuition and mandatory fees. CSU's Registrar's Office processes all withdrawal requests and notifies Business Affairs to calculate the refund.
- (b) Make arrangements with the student's instructors for course grades, or for incompletes that shall be completed by the student at a later date. This option is available to the student under CSU's Incomplete for Special Circumstances policy. Requests may be sent directly to the instructor for approval. If such arrangements are made, the student's registration shall remain intact and tuition and mandatory fees shall be assessed for the courses in full.
- (c) Make arrangements with only some of the student's instructors for grades, or for incompletes that shall be completed by the student at a later date. If such arrangements are made, the registration for those courses shall remain intact and tuition and mandatory fees shall be assessed for those courses. Any course for which arrangements cannot be made for grades or incompletes shall be considered dropped and the tuition and mandatory fees for the course refunded.

Supporting documentation must be submitted to CSU describing the order to state military service, federal service, or duty.

Leave of Absence Policy

Students enrolled in term enrollment programs that are unable to enroll in one or more terms may apply for a temporary Leave of Absence (LOA) from the university. This policy is designed to allow a student the flexibility to take a temporary break from their academic program and upon return a student will not be required to apply for readmission to the university. A student will not be granted a LOA in the middle of a term, therefore for purposes of Title IV a student granted a temporary LOA will be considered withdrawn from the university during this time. A student is expected to complete all courses if currently enrolled in a term and apply for a LOA to begin at the start of the next term in the academic program. If a student is having difficulty or unable to complete all courses in the term they may apply for an incomplete,

an incomplete for special circumstance or withdraw, in which case a Return of Title IV calculation may be required.

A student may apply for a LOA by submitting the Leave of Absence Request Form located in myCSU Student Portal. All requests must be submitted a minimum of 3 weeks prior to the start of the term a student will be unable to attend. A temporary LOA from the university will only be granted to a student planning to return to their academic program at the end of the LOA. In addition, for undergraduate and graduate students the LOA request may not exceed more than two consecutive terms within a 12 month period. A student may request more than one LOA during their academic program not to exceed two terms within a 12 month period. Doctoral students who are enrolled in term enrollment programs may request to take a LOA for one term only within a 12 month period not to exceed three terms during their academic program. Doctoral students who are enrolled in Per-course enrollment programs may request to take a LOA for one enrollment period within a 12 month period not to exceed three enrollment periods during their academic program. A student may return from a LOA early and resume enrollment in the next available term or enrollment period.

Important facts concerning a Leave of Absence:

- For purposes of Title IV a student will be considered withdrawn from the University while on a LOA; therefore federal student loans are not eligible for an in-school deferment;
- A student will not be eligible to receive federal student aid while on a LOA;
- A student who fails to return from a LOA will be required to reapply for admissions to the University after a period of 12 months of inactivity in their academic program.

Military/Special Services Leave of Absence Provision

Undergraduate, Graduate and Doctoral students requiring a military or special services deployment may request a provisional LOA for the designated deployment period up to 12 consecutive months. A student may apply for a provisional LOA by submitting the Leave of Absence Request Form located in myCSU Student Portal. In addition, a student must provide supporting documentation regarding the nature and period of deployment from their commanding officer or supervisor. If the military or special services deployment occurs during a course, the student may be required to withdraw from the course or request an incomplete for special circumstances.

Students should contact their Academic Advisor and the Office of Financial Aid to discuss potential academic and financial implications prior to taking a LOA from their academic program.

Satisfactory Academic Progress Policy (SAP) For Title IV Students Term Programs

Federal regulations require CSU to establish and apply reasonable standards of Satisfactory Academic Progress (SAP) for eligible students to receive financial assistance under the programs authorized by Title IV of the Higher Education Act. CSU students who wish to be considered for financial aid must:

- Be in good standing at the university and
- Maintain satisfactory academic progress in their program of study as set forth in this policy.

SAP is an eligibility requirement and is administered by the university in addition to the academic standards of performance required under the CSU Academic Progress Policy. The SAP policy is reviewed annually by the the CSU Office of Financial Aid.

Students are evaluated at the end of every term for SAP once they have attempted two terms, which is equivalent to 16 weeks of instruction. All students are evaluated on three standards: grade point average (qualitative measure), semester hours completion ratio (quantitative measure), and maximum timeframe. To maintain eligibility under SAP, students must meet all three standards.

Standard 1: Grade Point Average (Qualitative Measure)

Students must maintain a minimum qualitative measure of progress defined as the cumulative GPA. The requirements are listed below:

- Students in undergraduate programs must maintain a 2.0 cumulative GPA.
- Students in graduate programs must maintain a 3.0 cumulative GPA.

Standard 2: Semester Hour Completion Ratio (Quantitative Measure)

Students (either full-time or part-time) must achieve a passing rate of at least 67 percent of all hours attempted. Hours attempted include completed courses, repeated courses, withdrawals, and incompletes. Transfer credit, if applicable, is also calculated in the completion ratio.

Standard 3: Maximum Timeframe

Students must complete their degree program within 150 percent of the semester hour requirements for the degree. Students must complete an associate degree within 90 semester hours, a bachelor's degree within 180 semester hours, a master's degree within 54 semester hours and a doctoral degree within 92 semester hours. Students who are unable to complete their degree program within the timeframe limitation will no longer be eligible to use federal student aid to cover any costs associated with completing their degree program. Transfer credit, if applicable, is also calculated in the maximum timeframe calculation.

SAP Notification

Students are notified of the SAP policy in the CSU catalog, website and during the initial financial aid application process. All periods of enrollment at CSU are calculated in SAP, including periods of enrollment during which a student did not receive financial aid. Cumulative GPAs are calculated using grades earned at CSU.

Transfer Credits

Transfer credits accepted toward the student's degree program will be included when calculating the SAP maximum timeframe and quantitative progress. This includes credit for English as a Second Language (ESL) and remedial courses, if accepted toward the degree program.

Repeated Courses

Students receiving Title IV Aid may repeat a course, as allowed under CSU academic policy. Repeated courses will count toward the quantitative and maximum timeframe SAP standards.

Incomplete Grades

Students receiving federal student aid may receive incomplete grades, as allowed under CSU academic policy. Incomplete grades will count toward the quantitative and maximum timeframe

standards of SAP. Students who do not complete course requirements after an incomplete grade is assigned will receive a course grade based on the assignments completed with zeros being assigned for non-completed assignments.

Second Bachelor's Degree

Students who are pursuing a second CSU bachelor's degree are eligible to receive federal student aid pending eligibility. Students pursuing a second bachelor's degree are not eligible to receive federal Pell Grants. The timeframe limitation in a second CSU bachelor's degree is 90 semester hours, including transfer credits.

SAP Evaluation

SAP is evaluated once the student attempts two terms, which is equivalent to 16 weeks of instruction. Students who fail to meet SAP standards immediately following SAP evaluation will be placed on SAP Warning status for one term and will be expected to work with their academic advisor to discuss enrollment options.

Student on SAP Warning status will continue to be eligible to receive federal student aid for this additional eight week term. Students on SAP Warning status who fail to meet SAP standards at the end of the eight week term will be placed on Failing SAP status and will NOT be eligible to receive financial aid. Students who are placed on Failing SAP status will have the opportunity to submit an appeal in writing to the SAP Appeals Committee.

Appeal Guidelines

Students on Failing SAP status may appeal to the SAP Appeals Committee if they have extenuating circumstances, such as injury or illness, the death of a relative, or other special circumstances during the period of academic substandard performance and are able to provide supporting documentation. The committee will make every effort to consider each appeal carefully and provide a decision within seven to 10 business days. Appeals that are approved will result in a student being placed on SAP Probation status and will require collaboration with the assigned academic advisor to develop an academic plan that will lead to successful degree completion. While on SAP Probation status, students will be evaluated for SAP at the end of each enrollment period to ensure the student is meeting the standards of the academic plan, and if at any point the student is not meeting the academic standards, eligibility for financial aid will be suspended.

Appeals should be in writing and addressed to: Columbia Southern University, SAP Appeals Committee, Office of the Registrar, 21982 University Lane, Orange Beach, AL 36561. Appeal letters should include reasons for failing to meet SAP standards, any supporting documentation, and a plan of action describing changes that will take place in order to successfully meet SAP standards at the next evaluation.

Reestablishing Aid Eligibility

To regain eligibility for federal financial aid, a student must do ALL of the following:

1. Complete a minimum of 12 semester hours in undergraduate program or 6 semester hours in graduate program WITHOUT using federal financial aid at Columbia Southern University;
2. Achieve a minimum 2.0 undergraduate cumulative GPA or 3.0 for graduates; and
3. Complete 100 percent of attempted semester hours.

Students who satisfy the above requirements must contact their academic advisor to request reinstatement. Students who are making satisfactory academic progress will be eligible to reinstate federal financial aid, pending eligibility, and will be expected to meet SAP standards at the end of each enrollment period until degree completion.

Policy for Student Rights and Responsibilities

We believe these ideals are essential to the performance of all academic work and other student activities while members of the University community. APA Guidelines

Students are expected to follow the format of The Publication Manual of the American Psychological Association (2009, 6th edition). The APA Publication Manual presents explicit style requirements for students in the preparation of written works which may include research papers, - projects, and other written assignments.

As required by APA, all sources used (directly or indirectly) must be referenced within the text and all appropriate sources shall be compiled together at the end of all applicable written works. Students and faculty should refer to all assignment instructions for specific guidelines. CSU has created an APA Guide and other resources to assist students in complying with APA standards. These resources are all located in the student portal linked to the Learning Resources tab.

Sanctions

Columbia Southern University regards violations to the Academic Integrity Policy as a very serious matter. Students who are found to be in violation of the Academic Integrity Policy are subject to penalties, which are based on the specific incident. The consequences can include point deductions, course failure, and/or a university dismissal and degree revocation.

Statute of Limitations

There shall be no 'statute of limitations' that precludes the university from acting on the discovery of alleged violations, either during the time in which the course in question is being offered or after the course has ended (and after the student has graduated.)

Due Process

If a student is found in violation of the Academic Integrity Policy, the student is allowed due process and may contest the university's findings. All student appeals should be sent to academicintegrityappeal@columbiasouthern.edu within seven calendar days of notification. The appeal will go through the university's student appeals process.

Student Code of Conduct

The Student Code of Conduct at Columbia Southern University supports the University's mission of providing affordable, flexible distance education programs to a global student body and changing and improving lives through higher education by enabling students to maximize their personal and professional potential. Ethical conduct is the foundation upon which a successful academic career at Columbia Southern University rests. Students are expected to demonstrate honesty and integrity when interacting with faculty, staff and other students of the university.

Students should reference the Academic Integrity Policy to understand expectations of academic honesty in submitting assignments with appropriate references for work that is not the student's own.

Students are prohibited from engaging in conduct that includes but is not limited to:

- Violation of the Academic Integrity Policy
- Disrespect of University personnel
- Inappropriate content posted to discussion boards and other university forums
- Intentional breach of university policy or procedures
- Reproduction of university materials to include course content, assessments, or other materials deemed to be the property of the university

 - Conduct that is disorderly, lewd, lascivious, indecent or otherwise inappropriate
 - Violation of any local, state, or federal law.

Any academic or administrative official, faculty member, or student may file a complaint with Student Affairs against any student for violations of University policies and procedures. If a student poses a threat to any person on the CSU premises or through CSU's online platforms, is disruptive or uncontrollable, damages or threatens to damage any university property, or some other serious behavioral issues exist, the Vice President of Student Affairs or designee may immediately suspend the student and have the student removed from CSU or its online platforms.

Investigation

Investigations of the Student Code of Conduct shall be conducted in a prompt and reasonable manner. While an alleged violation of the Student Code of Conduct is being investigated, a student may be removed from class, campus-sanctioned events, and other University functions. Removal of a student from a course, campus-sanctioned event, or other University function must be approved by the Vice President of Student Affairs.

Notification

A student who is charged with a violation of the Student Code of Conduct shall be notified of the specific charges in writing by a charging letter sent via Certified Mail, Return Receipt Requested, or comparable means, and shall be given ten days to submit a written response to the designated University official.

Failure of a student to respond to the Charging Letter constitutes a violation of the Code of Conduct and result in additional

sanctions by the University up to and including dismissal from the University.

In those instances where Columbia Southern University determines the conduct does not warrant a charging letter, CSU may choose to issue a warning letter. Note: A warning letter is not appealable.

Appeals

Students that are found to be in violation of the Student Code of Conduct after receiving a charging letter have the right to appeal the university's decision within 10 business days by submitting a formal appeal to the university through the Policy for Student Appeals process, studentappeals@columbiasouthern.edu. The student should include justification of why the decision rendered should be overturned as well as corresponding documentation that will support their request. The decision of the Vice President for Student Affairs is final and shall be communicated directly to the student.

Suspension for Mental Instability or Violence

The University may immediately remove a student from CSU's online platforms if the student is a threat to him/herself, Columbia Southern University property, or any other person on CSU's campus. Only the Vice President for Student Affairs, Vice President for Academic Affairs, Provost, or University President may immediately suspend a student if he or she believes that the student poses a danger to any other person on the University's premises online platforms, or to CSU property. Such a determination may occur if the student exhibits behavior including, but not limited to, extreme mental confusion or delusions, disruptive or disorderly conduct, threats of physical harm to individuals, damage or threats of damage to CSU property, or any other violent or serious behavioral problems. In such situations, the Vice President for Student Affairs, in consultation with legal counsel, may immediately bar the student from the Columbia Southern University premises and activities and refer the student to mental health treatment resources.

A student suspended or barred from campus under the above policy may submit a written appeal within ten days of the decision by submitting a formal appeal to the university through the Policy for Student Appeals process, studentappeals@columbiasouthern.edu. The student should include justification of why the decision rendered should be overturned as well as corresponding documentation that will support their request. The recipient of the written appeal may request to interview the student prior to making a decision. Such a decision on appeal may include re-admission of the student on the condition that the student submit evidence that the student has been in a course of treatment with a licensed mental health provider and that the mental health provider or law enforcement official believes that the student is no longer a danger or threat to himself or others. The decision rendered on the appeal is final.

At the discretion of the Vice President for Student Affairs, some appeal decisions can exceed the published time frames.

The Crime Awareness and Campus Security Act of 1990

The Jeanne Clery Disclosure Compliance Statement

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act is the federal law, originally known as the Campus Security Act, that requires colleges and universities

Columbia Southern University's Annual Campus Security Report includes statistics for the previous three years concerning reported crimes that occurred on-campus, in certain off-campus buildings, property owned or controlled by CSU, and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. A link to a copy of the report is included below.

Policy for Student Appeals

Columbia Southern University recognizes decisions surrounding Academic and Student Affairs policies and/or other university requirements may be reconsidered on occasion. Students have the right to appeal any decision made based upon an academic policy or university requirement. The decision to approve or deny an appeal will be based upon, but not limited to, the following:

- An extenuating circumstance that creates an unrealistic expectation to comply with an academic policy or university requirement
- An improper or unwarranted interpretation or application of academic policy or university requirement that creates an undue hardship

Student Complaint and Grievance Policy

Scope of Policy

Columbia Southern University (CSU) is committed to providing a high quality of educational and related services for students, and encourages students to say where there is cause for concern in academic and non-academic matters. A complaint is defined as dissatisfaction occurring when a decision, act, or condition, based upon specific factual data, affects the student in a perceived negative or unjust manner, or an allegation of improper, unfair, arbitrary, or discriminatory treatment by university personnel.

A complaint may constitute a grievance if mutual resolution cannot be achieved and the complaint is deemed a grievable matter. Such grievances may include, but are not limited to, academic matters such as final grade challenges, mistreatment by a university representative, records or registration errors, inaccurate assessment of fees, or discrimination on the basis of race, religion, national origin, sexual orientation, physical handicap, age, marital status, gender or disability. Non-grievable matters may include admissions decisions or similar academic decisions that would impair the exercise of academic freedom. CSU strives to maintain an environment where students, faculty, staff, and administration can achieve an atmosphere of acceptance, allowing complaints and grievances to be resolved in a manner that encourages informal conciliation and facilitates early resolution. This action promotes effective, just, and supportive feedback while maintaining privacy and confidentiality. No student may pursue the formal grievance procedure prior to exhausting the complaint procedure. The University reserves the right to amend use of the Student Complaint and Grievance Policy in any circumstance that appears to be unethical or inappropriate.

Complaint Procedure

- **Complaints:** Students are encouraged to voice inquiries, concerns or complaints to their assigned Student Services Representative or Academic Advisor, as appropriate. These assigned representatives of the university are main points of contact that can offer support, facilitate resolution, or direct the student to the appropriate individual. Generally, all inquiries, concerns, or complaints can be resolved at this level, reaching mutual resolution.

- Documentation that may otherwise provide justification directly related to the basis of the appeal

Students have 5 business days from the date of the original decision to file an appeal, outlined in the Appeals Process. Appeals will be categorized as academic or administrative and follow the appropriate appeal track. Satisfactory Academic Progress (SAP) decisions and Student Complaint and Grievances have specific appeal processes; therefore, exempt from the Policy for Student Appeals. The scope of the Policy for Student Appeals is limited to requests to reconsider a decision made in alignment with Academic and Student Affairs policies and/or other university requirements. In the event students wish to file a complaint, please refer to the Student Complaint and Grievance Policy.

Appeals Process

- **Level I. Appeal**
 - * Students appealing a previous decision should submit a formal letter, identifying the basis of the appeal, directly to studentappeals@columbiasouthern.edu within 5 business days of the original decision. Relevant documentation will be taken into consideration and should accompany the formal letter.
 - * An appeal decision will be sent to the student via e-mail within 5 business days.
- **Level II. Appeal**
 - * Students unsatisfied with the appeal decision may petition to the Office of the Ombudsman, studentappeals@columbiasouthern.edu. Level II Appeals must be received within 5 business days of the Level I notification date.
 - * The Office of the Ombudsman will conduct a secondary review of the appeal and notify the student of the Level II decision within 5 business days.
- **Level III. Appeal**
 - * Students unsatisfied with the Level II appeal decision may petition to the appropriate vice president, studentappeals@columbiasouthern.edu. Level III Appeals must be received within 5 business days of the Level II notification date.
 - * The assigned vice president will conduct a final review of the appeal. Notification of a decision will be sent within 5 business days. The decision rendered by the assigned vice president denotes a final decision.

Student Identity Verification Policy

In compliance with the provisions of the United States Federal Higher Education Opportunity Act (HEOA) of 2008, Public Law 110-315, concerning the verification of student identity in distance education, Columbia Southern University has established processes to verify that a student registered in a distance education or correspondence education course or program is the same student who participates in and completes the program and receives the academic credit. The Policy for Student Identity Verification is applicable to all Columbia Southern University (CSU) students beginning with the application for admission and continuing through graduation, transfer, or withdrawal from the University.

Identity Verification Methods

Students enrolled in courses or programs offered through distance education or correspondence education are subject to one or more of the following student identity verification methods:

- Government-Issued Photo Identification - Students making entrance application to CSU are required to submit government-issued photo identification prior to course registration for student identity verification. Students sitting for a proctored final examination are required to provide government-issued photo identification (i.e. Driver's License, or other governmental agency issued photo identification.)
- Secure, Individual Login and Passcode - Students are assigned a secure, individual Student Identification Number (SID) and Password upon enrollment to Columbia Southern University. These assigned identifiers are used to access CSUs Learning Management System (LMS) to complete coursework and myCSU Student Portal to access course grades and related information. Because students use their SID when in e-mail or phone communication with the University, it is recommended students periodically change their password to maintain security.
- Proctored Examinations - Use of a CSU approved proctor or Remote Proctor Now, a virtual, third-party proctoring service, is required for all final examinations, pursuant to the Final Examination Proctor Policy.
- Administrative or Academic Practices - Students are subject to identity verification, at the institution's discretion, through use of personally identifiable information provided by the student upon application to the University. Students may be asked a random selection of questions when contacting the University to verify identity. In addition, faculty may commence verification of student identity following review of student work. Changes in academic performance or writing style may be monitored and prompt a request for identity verification.
- Other Technologies used to Verify Student Identity - Use of new technologies proven effective in verification of student identity may be used. Technologies include typing pattern identification, personally identifiable information, biometric software, or other technologies.

Protection of Student Information

CSU practices methods of student identity verification that protects the privacy of student information. Additional facts pertaining to security of information can be found within the Technology Policies, Security of Information Policy.

Notification of Student Fees

Students will be notified at the time of registration any fees associated with verification of student identity. Proctoring services and associated costs are the responsibility of the student. CSU approves two, flexible proctoring options: a standard proctor, who is chosen by the student and approved by the University, or Remote Proctor Now (RP Now), an on-demand, third-party, virtual proctor. Students who elect to use the services of RP Now will incur a fee of \$20 per final examination.

Procedure for Changing Password

Students who have forgotten their password or request to change their password should navigate to the Main Login Page of myCSU

Student Portal. The Forgot Password link prompts entry of Date of Birth. Once this information is inserted successfully, an e-mail with new password credentials is sent to the students' primary e-mail address. After completion of this process, students can login to Blackboard and access Tools and Personal Information, in the left navigation, to personalize their new password.

Student Responsibilities

Appropriate use of technology is the student's responsibility. Students should take precautionary measures to keep login credentials secure and make arrangements to change password credentials periodically or in the event a breach is suspected. Unauthorized use of University Systems, further defined as myCSU Student Portal, Columbia Southern University's Website, university networks, Internet, Online classroom, or other hardware or software utilized in association with the University is prohibited as identified in CSU Technology Policies, Acceptable Use Policy. This includes unauthorized access to other user accounts or transfer of user passwords to others. Misuse of any University System is subject to the Student Code of Conduct Policy and sanctions contained therein.

Technology Policies

Columbia Southern University (CSU) is dedicated to the success of its students through the use of a variety of technologies and technology support within the University. Collectively, the Technology Policies communicate institutional expectations for its users and constituents by providing instructional principles for use of all university systems including the myCSU Student Portal, CSU website, university networks, Internet, online classroom, and other hardware or software utilized in association with the user's interaction with Columbia Southern University or its partners and affiliates.

Technology Requirements

Proficient use of e-mail, the Internet, and standard desktop software is recommended to successfully complete online, distance learning courses. CSU utilizes an online curriculum delivery method through the Blackboard Learning Management System (LMS.)

To view a detailed list of CSU Technical Requirements, please click on the following link:

<http://www.columbiasouthern.edu/Future-Students/Requirements>

Additional Technology Requirements:

Additional technology requirements may be necessary in some programs of study. Specific requirements are notated in the Course Description of courses requiring additional technology. In addition, use of the voluntary Remote Proctor (RP Now) to administer final examinations will require use of a webcam with audio capability.

CSU reserves the right to update technology requirements, including both hardware and software, throughout the duration of the program. CSU strives to be innovative in its curriculum delivery to support student engagement in coursework.

Technical Support

Technical Support services are available and offer a variety of support services including desktop support, diagnostics, and Blackboard support. Students encountering technical difficulty are encouraged to contact the CSU Helpdesk through the following methods:

- Phone: (877) 399-1063
- E-mail: techsupport@columbiasouthern.edu
- Live Chat
- For Helpdesk availability, please visit the Technical Support page in the myCSU Portal by clicking on the link below: <https://mycsu.columbiasouthern.edu/student/blackboard/support/>

FAQs, Software Downloads, and Tutorials are available within the myCSU Student Portal under the Technical Support Navigation Tab.

myCSU Student Portal

The myCSU Student Portal is the gateway to the University. A few of the features available through the portal include the ability to view grades, submit course enrollments and access an individual student account. Upgraded applications, features, or functionality may be installed within the myCSU Student Portal and are subject to change. Occasionally, technology requirements will be revised accordingly to meet new university standards and initiatives.

E-mail Policy

Columbia Southern University considers e-mail the official form of communication. Important student information and announcements are communicated through this method. An appropriate, individual (non-shared) e-mail address is required for all CSU students. Students are expected to maintain a current e-mail address on file with the University. In the event a student's e-mail address is no longer valid, access to the myCSU Student Portal may be restricted until such time the address is updated.

E-mail communications are subject to all applicable university policies, including the Student Rights and Responsibilities and Student Code of Conduct policy.

Student Technology Responsibilities

Online, distance learning utilizes technology as a platform for curriculum delivery and student engagement. Although most technologies can be viewed as stable, there may be occasions when technology fails. In our efforts to support students during technology failure, it is recommended students maintain an alternate technology plan. A student's ability to request a grade change, late assignment submission, or similar request will be reviewed on a limited basis by the course professor and may be verified by CSU Helpdesk Support.

The following recommendations are made to maintain an alternate technology plan:

- Periodically save written work as progression is made on assignments.
- Hard Disks or Memory sticks are recommended to back-up data storage. Computer or hard disk failures do occur and can be detrimental to student course progress.
- In the event the technology failure is severe enough to disrupt course completion, the student should contact the course professor for alternate arrangements.

ACADEMIC POLICIES

- Regular use of the back-up device is recommended for effective retrieval.
- A plan of action is recommended when the user's primary computer fails. Examples of other alternatives include work computers, libraries, Internet Cafés, or a friend or family member.
- The following student requirements are maintained in the event of technology failure:
- Continued course participation and assignment completion is expected unless the student makes alternate arrangements with the course professor or campus, within the limitations of CSU Institutional Policy.
- Accidental assignment submission is not a basis for an opportunity to re-submit an assignment. Students encountering this circumstance should contact their course professor for a decision.

Textbook Policy*

Textbooks are provided for all programs at no cost through the Columbia Southern University Book Grant or Loan-a-Book. The University will determine whether the Book Grant or Loan-a-Book will be utilized. Books may be in new or used condition and may be in print or electronic format.

Book Grant

The Book Grant provides textbooks at no cost. Textbooks are not required to be returned with the Book Grant; however, students must meet course completion requirements. Successful course completion is defined as earning a passing grade or not dropping/withdrawing from the course in which the textbook was granted. When a student drops, withdraws, is institutionally withdrawn, or fails a course, a charge for the textbook and shipping will be posted to the student's account. The student may return the text postmarked within 30 days to have the charge reversed. The charge will be based on the retail textbook price listed at the CSU website or 70% if student was issued a used textbook. Additionally, \$12 shipping for each course will be charged. Alternatively, the student may re-enroll in the same course for the next consecutive term or enrollment period and indicate on the course re-take form that the previously provided text will be used. As long as the next course enrollment is submitted within 30 days of the course failure or drop/withdrawal, the text and shipping charges will be reversed. Students enrolled in Term Enrollment Programs or Flexible Enrollment Programs for Veterans should return the text if the course is not available in the next consecutive term.

Students not successfully completing a course should access the Textbook Return Form in the myCSU Student Portal and enclose with the returned text. Students who return textbooks without the proper paper work to identify themselves will not receive credit for the return. Students who do not return the text and do not pay the text charge, may not be allowed to enroll in future courses.

Loan-a-Book

Loan-a-Book provides textbooks for select courses, at no cost. Textbooks are required to be returned to Columbia Southern University through the provided return label, upon course completion. Students will be provided detailed textbook return instructions via e-mail. Alternatively, the student may re-enroll in the same course for the next consecutive term or enrollment period and indicate on the course re-take form that the previously provided text will be used. Textbooks not returned will be charged

to the student's account. The charge will be based on the retail textbook price listed at the CSU website or 70% if student was issued a used textbook. Additionally, \$12 shipping for each course will be charged.

The Loan-a-Book program may be utilized during natural disasters or other situations where the student's textbook is destroyed or no longer accessible. Textbooks provided during these circumstances are required to be returned following the same procedures as standard Loan-a-Book. Textbooks not returned will be charged to the student's account.

Unofficial Withdrawal Policy

This policy affects any student enrolled in the Term Enrollment System who did not submit an official Course Drop/Withdrawal request and did not complete the course(s) by the term end date. In addition, the student has not been granted an incomplete course.

- If no assignments are submitted in the last 21 days of the term, the student will be withdrawn from the course and a grade of "WF" will be assigned. Grades of "WF" count in the calculation of the student's GPA as a grade of "F." The grade of "WF" is counted as attempted hours and will affect SAP. A charge will be posted to the student's account if the text was supplied through the CSU Book Grant. The student will be notified of the course drop/textbook return process.
- If an assignment has been submitted in the last 21 days of the term, the student will not be withdrawn and no action will be taken. All non-submitted assignments will be recorded with a score of "0" and the final grade will be calculated.
- When determining last day of attendance for financial aid purposes, the course mid-point or last assignment date, whichever is later, will be used.

Withdrawal for Special Circumstances Policy

Purpose

The purpose of the Withdrawal for Special Circumstances Policy is to provide students who encounter special circumstances the opportunity to withdraw from a course when such withdrawal would normally not be considered. Eligible students fall under the following categories:

- The student has a course on Incomplete.
- The student has a course that has ended with a final grade.

Withdrawal for Special Circumstances Policy

Columbia Southern University (CSU) recognizes students may encounter life situations that impede successful course completion. Students experiencing an extenuating circumstance, such as a prolonged illness, death in the immediate family, military deployment, or similar incident, have the option to request a Withdrawal for Special Circumstances (WSC). Requests for a WSC are limited to students who have a course(s) on Incomplete or have a course that has ended with a sub-standard, final course grade directly related to the incident.

Students are eligible to request one WSC per calendar year and the request must be within one calendar year from original course end date. Each withdrawal request may include all courses in which the student is enrolled during the period of special circumstance. Requests for a WSC are not automatically granted and are reviewed independently through the Student Appeals process. Students

ACADEMIC POLICIES

who wish to withdraw under special circumstances must submit documentation which supports the extenuating circumstance. Acceptable documentation should include applicable dates to justify the request and may include:

- Medical documentation by a licensed practitioner
- Deployment notice documentation
- Officially signed letter from a Unit/Battalion Commander or Employer
- Death certificate
- Any other documentation deemed acceptable to CSU

Students approved for a WSC will receive a grade of "W" for the course, which will be recorded in the student record. The grade of "W" will have no effect on the cumulative CSU GPA, but will count toward hours attempted when determining Satisfactory Academic Progress (SAP) and may affect Federal Student Aid (FSA) eligibility. Students using FSA should contact their academic advisor to discuss SAP standing and the Office of Financial Aid to discuss FSA eligibility. An approved WSC is subject to the Tuition Refund and Withdrawal Policy and Returning Textbooks for Dropped/Withdrawn Courses Policy.

Students applying for a Withdrawal for Special Circumstances should submit a formal letter to studentappeals@columbiasouthern.edu and include necessary documentation to support the request. Students will be notified of a decision within 7 calendar days.
